

Student Group Liability Waiver & Participation Agreement

Tri-Cities Rocketeers (TCR) Rocket Launch

As consideration for the opportunity to participate in Tri-Cities Rocketeers launches, our group (listed in writing below) hereby releases and forever discharges the National Association of Rocketry (NAR), the Tripoli Rocketry Association (TRA) and their officers, members, administrators, agents and assigns; Tri-Cities Rocketeers (NAR Section #736) and its officers, members and agents; the launch site's landowners, administrators and caretakers including the state of Washington and all other persons attending TCR launches from suits of any kind or nature whatsoever resulting from attending TCR events. This release and discharge includes but is not limited to suits involving injury and/or property loss or damage resulting from accidents which might happen to those listed in our group attending Tri-Cities Rocketeers launches.

When attending TCR launch events, each member hereby agrees to fly high power rocket motors of "H" impulse and above only if possessing a valid NAR or TRA High Power Certification. Each member affirms that they possess valid documentation required to legally fly high power rocket motors. Furthermore, each member shall never fly rocket motors more powerful than their certification will allow except when engaged in a formally supervised NAR or TRA certification flight attempt. Each member also agrees to fly only commercially manufactured rocket motors that are certified for use by NAR and/or TRA, unless the member is an active TRA member and the launch event is designated as a TRA research launch.

We are fully aware of the risks involved in traveling to and participating in rocketry events and hereby assume all of those risks. As club advisor, I agree further that each student has completely read, fully understand the terms of and voluntarily accept this agreement. Furthermore, we agree to follow the NAR and TRA Safety Codes as well as all local, state and federal laws, regulations and rules that apply to TCR launches.
